

VDOM License Registration

Virtual Domains (VDOM) enable your FortiGate unit to split its resources and function as multiple independent units with common administration. A separate VDOM license is required.

How to register VDOM license

1. Login to <https://support.fortinet.com> with your **account ID/email** and **password**
*Account ID/Email must be the same full email address where the product is currently registered to.
2. Go to Asset and select “Manage Products”
